Dear Fred,

Inclosed please find a carbon copy of a second letter that I have written to W.H. Browne. I thought you might be interested in this matter that I over-looked in my first letter to Brownie.

Sincerely yours,

Mr. Frederick Ware,
Sports Editor,
Omaha World-Herald,
Omaha, Nebraska.

Dear Fred:

Harold Browne sent me a copy of the long letter he sent you regarding the statement that I made when I spoke to the football squad at William Jewell College.

Last fall I spoke to the all-star high school football players in Kansas City, Kansas, and in endeavoring to picture to the boys the true status, as I saw it, of present "big time" football, I also tried to tell them some of the things that most coaches who picture the rosy side do not say.

I am sending you a carbon copy of my letter to Lt. Col. Browne.

With all good wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

Dear Shel:

I received your good letter of Saturday p.m. and am happy that you are located with the West Publishing Company, but sorry that you have not heard from the other position that you desired more than this one. If at any time I can be of any service to you I want you to feel free to call upon me.

I know you must get quite a buzz out of the football ramblings of the West legal staff. I had a coaching school in Iowa with Bernie Bierman and Clark Shaughnessy, and I know that Minnesota does have the power, so somebody had better look out. Incidentally, Nebraska is a power house to be recognized, but Iowa, Drake and Kansas will not be tough enough to open up the panzer divisions of the big boys.

I believe that Mit is going along in good shape and that at the end of this next year he should be in a position to paddle his own canoe in a rather satisfactory fashion.

With all good wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

Mr. Neal Wherry
Principal Lawrence Memorial High School
Lawrence, Kansas

Dear Neal,

Thank you for your kindness in sending me two season tickets to your football games.

I appreciate your thoughtfulness and hope that it will be possible for me to see most of your home games.

As I explained, Mrs. Allen may find it a little cool to attend the night games. My congratulations to you and Coach Shaake on the fine showing of your team last Friday night.

With kindest regards I am

Sincerely yours,

Attention: Information Desk

Dear Sir:

We're desirous of purchasing small white rubber tubing; something that will go around a No. nine wire. I would like to have the smallest tubing that you have. I desire to incase the croquet wickets with them so that they will show up more prominently at night.

One of the students, Mr. William Arthur stopped in your store and was told that you do not have it on hand but could order it for us.

Would you kindly write me and give me a description of any tubing you might have catalogued and the price? Also, please state the length that this comes in. It will be necessary that we have full information so that we may sign a requisition with full description.

Sincerely yours,

Director of Physical Education and
Recreation-Varsity Basketball and
Baseball Coach.

Mr. Bill Winey, Jr.
c/o Mr. Dick Williams
Watkins Estate
Lawrence, Kansas

Dear Bill,

Thank you very much for your very fine report on the six-hole gold course north of Frank Strong Hall. You do a fine job of analyzing the needed improvements.

I will immediately set to work to get 25 gallons of oil and a load of sand in order that this work be done in the shortest time possible because on Thursday, Nov. 6, Patty Berg and Helen Detwiler will give a demonstration of driving, putting, etc.

I wish you would tell me which of the tees would be best for them to drive off for demonstration purposes. Of course I hope to have much of the work done on these so that they will be in fine shape. Certainly we don't want those national champions to come here and find our little miniature golf course in such a deplorable condition, so I authorize you to get in touch with Mr. Dell Davidson and get what implements you want to improve these greens.

I will get Mr. Davidson to haul the sand and get the oil, and we can get you whatever you need in the way of labor and men to get the courses in shape.

I have your schedule and I wish that you would drop in and see me after your 2:30 class on Thursday.

Sincerely yours,

FCA/pg
