Mr. Bill Winey, Jr.
c/o Mr. Dick Williams
Watkins Estate
Lawrence, Kansas

Dear Bill,

Thank you very much for your very fine report on the six-hole gold course north of Frank Strong Hall. You do a fine job of analyzing the needed improvements.

I will immediately set to work to get 25 gallons of oil and a load of sand in order that this work be done in the shortest time possible because on Thursday, Nov. 6, Patty Berg and Helen Detwiler will give a demonstration of driving, putting, etc.

I wish you would tell me which of the tees would be best for them to drive off for demonstration purposes. Of course I hope to have much of the work done on these so that they will be in fine shape. Certainly we don't want those national champions to come here and find our little miniature golf course in such a deplorable condition, so I authorize you to get in touch with Mr. Dell Davidson and get what implements you want to improve these greens.

I will get Mr. Davidson to haul the sand and get the oil, and we can get you whatever you need in the way of labor and men to get the courses in shape.

I have your schedule and I wish that you would drop in and see me after your 2:30 class on Thursday.

Sincerely yours,

FCA/pg
