

December 11, 1941

Mr. Ambrose Whytal  
Rantoul, Kansas

Dear Mr. Whytal,

I have just had a conference with Mr. Earl Falkenstien, our  
Financial Secretary of the Athletic Association.

The Athletic Association has a rule that everybody has to pay  
government tax. The tax on these tickets for the top balcony  
is 10¢ It will be necessary that the adults pay 50¢ admission.  
The Athletic Association has a very strict rule regarding passes.  
The rule of the Big Six is that if you give passes you have to  
pay the visiting team face value for the price of the pass.

The top balcony is the second balcony and while these seats  
provide a wonderful view of the game, they are quite a ways re-  
moved from the playing floor, but they are almost directly over  
it. The seats are about 50 feet from the floor. It will be  
necessary that you pay 50¢ for the ticket for your girl friend  
in case you desire to make use of this opportunity. This offer  
will be for the Denver University game on December 17 which is  
Wednesday night. If you decide to come I trust that you will let  
us know so that Mr. Falkenstien can make arrangements for your  
tickets.

Sincerely,

FCA/PE  
c.c. Mr. Earl Falkenstien

Director of Physical Education and Recreation  
Varsity Basketball and Baseball Coach
