Mr. Forrest C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear "Phog":

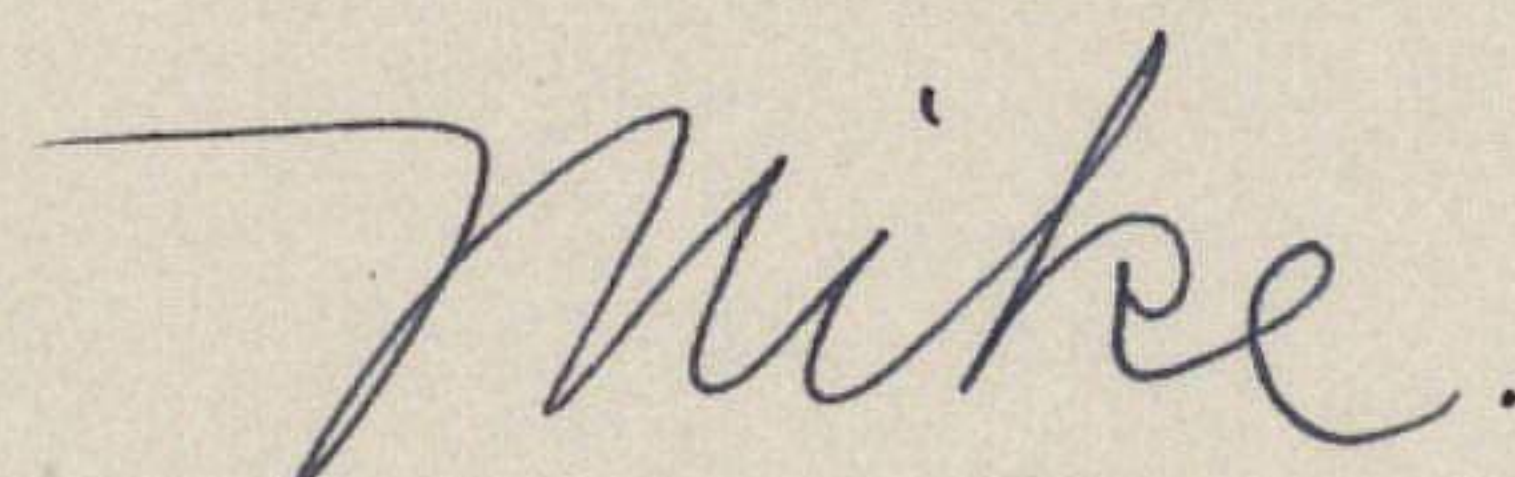

You will never know how disappointed we were not to meet you at Lawrence last Saturday. Perhaps we were just a bit more disappointed that you were not at the train to greet us with your usual Sunny smile, and offer to take us sight-seeing in Lawrence. We were especially expectant of a visit with you since we had written such a pathetic letter about our lumbago and chest colds. You must be hard hearted when such an appeal could not reach your heart.

Seriously, "Phog", "Doc" and I did want to see you and have a visit with you, but we know enough about the duties that are expected of a married man. We therefore, congratulate you on attending to those duties that should and must come first in any married man's home. I imagine that this fall Mrs. Allen has enjoyed sitting with you during the football games. For so many years you have found it necessary to be other places and, now that you have an opportunity to take her to the games I know that you must get quite a thrill out of the procedure.

It was mighty fine of you to write us a congratulatory letter and I assure you that it is deeply appreciated.

Kind personal regards and I am

Sincerely yours,

M. F. Ahearn
Director
