Dr. R. P. Westfall,
Citizens National Bank Bldg.,
Boone, Iowa.

Dear Dr. Westfall:

This is a sincere thank you letter for your hospitality and kindness in entertaining me, together with your fine family, at the Lions Club outdoor picnic dinner. I did enjoy very much meeting your fine wife and daughter, and I sincerely trust that if and when you are around the University of Kansas in Lawrence that you will let me know. It would be a pleasure to see you, I assure you.

Please remember me kindly to your family, and say hello to the young matron (Mrs. Reed?) who has served as your office secretary. Tell her that I hope her husband goes back to Iowa State College and finishes his work for a degree. Even though an increase in salary is tempting, it is my conviction that if a student puts off his graduation it costs him money and dissatisfaction.

Again thanking you, I am

Sincerely yours,
