Dear Tom:

We immediately got on the job regarding the repairing of the handball courts. We will appreciate it if you would kindly inspect them and see if there is anything lacking.

If you do find anything wrong, please come into the office and I assure you the matter will be taken care of immediately.

I was glad that you came in and I trust that you will feel free to come at any time and offer suggestions for the betterment of the playing field or the playing equipment.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
