

February 26, 1941

Mrs. Hazel Pratt Wood
Alton, Illinois

Dear Mrs. Wood:

I am very happy to have your letter and to know that you are coming for our Oklahoma game. We will have tickets for you and although there will be quite a jam, I am sure that you will recall old times when jams were the regular thing. Students are still having jam sessions.

The explanation in your letter that you have friends in Kansas City is good enough for us. We will just let it go at that and I assure you that any time that you have free we will be delighted to see you. My office is still in the gymnasium and when you and Walter and your family come we will expect to see you.

Mr. Earl Falkenstien, the Financial Secretary to the Athletic Association, will have your tickets. I am sure you will have no trouble in procuring them.

I spoke to Mrs. Allen and told her that the Wood's were coming and she is anxious to have a good visit with you. So even if I am tied up I trust you will run by the house. Mrs. Allen would be delighted to see your lovely family.

I quite agree with you that Walter will naturally want to affiliate with the S.A.E.'s, and I am sure the Sig Alph's will be on their toes wanting Walter, Jr. How could they forget the old man? He made a very indelible mark when he was on Mount Oread.

Cecilia had rather slipped out of my mind, but now I do remember that there were two children. All of us will be anxious to see you.

Anticipating the pleasure of your coming, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
