Physical and Health Education

Dear Professor:

I am making a study of some of the current practices in the professional education of physical education teachers. I shall appreciate it, therefore, if you will answer the questions on the enclosed card concerning psychology in your four-year undergraduate curriculum in physical education. Please put the card in the mail promptly.

I shall appreciate it if you will send me a copy of your catalogue which describes the professional curriculum in physical education.

Thank you.

Sincerely yours,

J. R. Sharman
