Dear Sir:

Will you kindly send me all of the information possible concerning the running of a Summer playground for Children. I haven't been employed and neither am I attempting such, but I would like to open one for the children of my community. Which is a small town in Missouri to be exact it is Sedalia, Missouri.

What I am attempting to do is to find some way to interest the children and hold their interest and do all possible to keep them out of Summer devilment. Which you know as I that Summer devilment is the cause of ruination of any number of kids. Kids whose minds or unemployed can very easily employ them with devilment. It is true the old saying "its easy to get into trouble but very very hard to get out. Thanking you inadvance and hoping you give this matter your immediate attention, I am,

Very truly,

Roland Alexander
