Adhesive Compress

(16 per pkg.)

A simple dressing for use in minor injuries. It consists of a sterilized gauze pad, approximately one-inch square, made secure on a protected strip of adhesive tape of the same width. This dressing is especially useful for small finger

injuries. Each compress is enclosed in a sanitary glassine envelope.

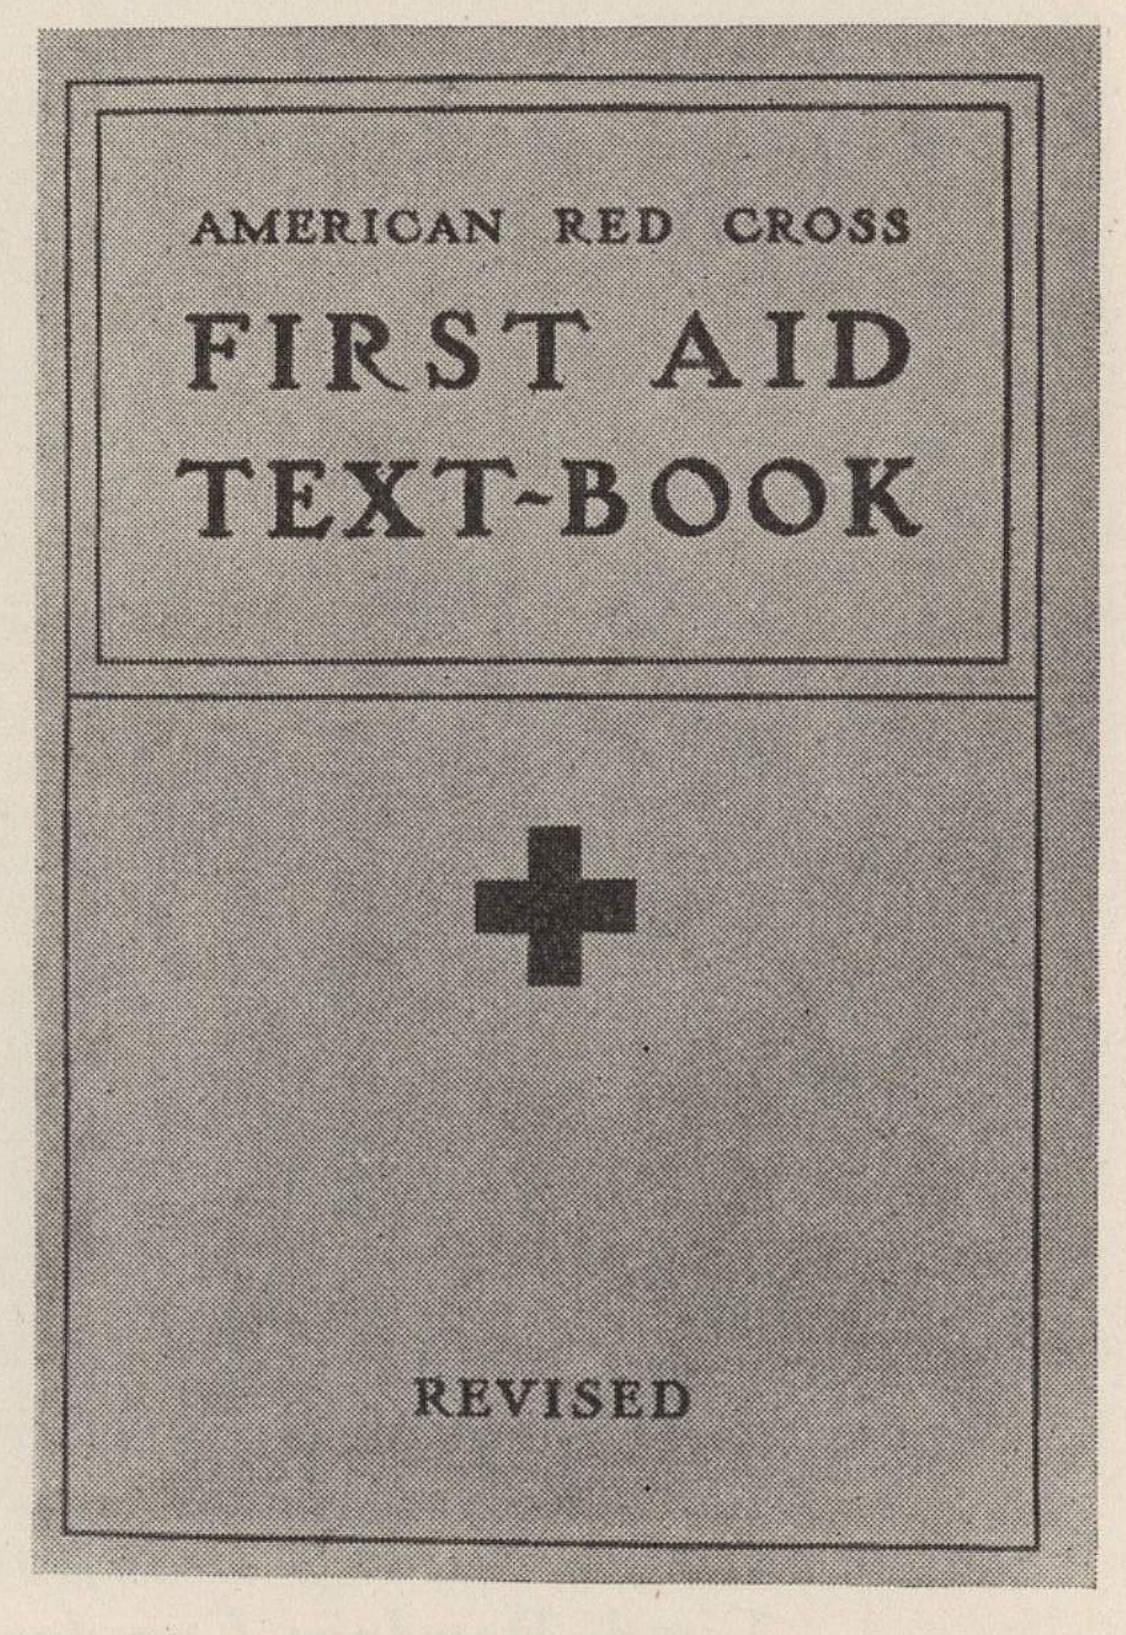

Price per pkg., \$.15

First Aid Text Book

The "American Red Cross First AID TEXT-BOOK" is the basis for the instruction and for the examinations given in the Red Cross First Aid courses. The revised edition has been re-written, clarified and brought up to date, in collaboration with the leading authorities in first aid in the field of medicine and surgery. A feature is the very complete series of illustrations, as visual examples of first aid in practice. This book is authoritative.

The Red Cross First Aid and Life Saving Service invites inquiries regarding its First Aid courses and its plan of class instruction and leadership training.

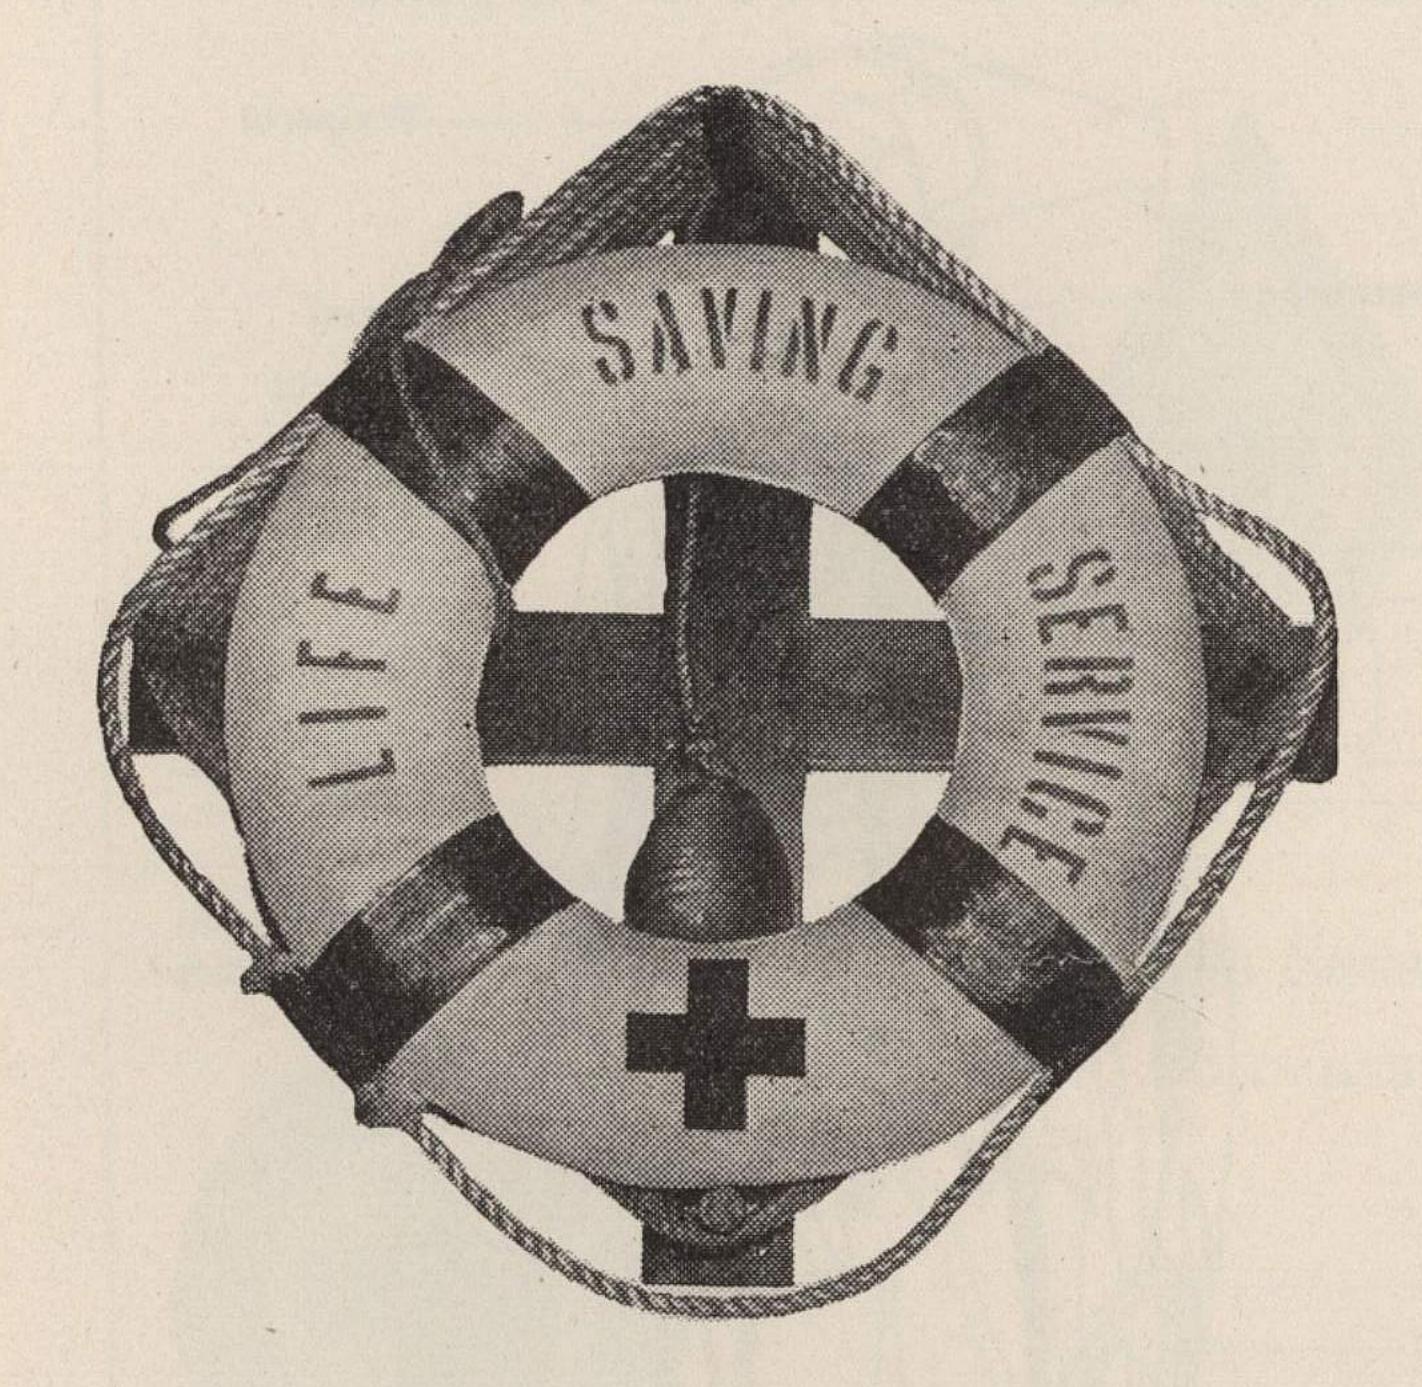

Bound in strong, heavy and durable paper; 248 pages; 114 illustrations.

Price, \$.60; cloth bound, \$1.00

Life Saving Buoy and Rack

This is a 15-inch RING BUOY, with 60 feet of 3/16-inch manila rope and a 4-inch wooden "lemon" attached. The wooden rack is an important part of the complete combination since its use makes the buoy readily available and keeps the rope from becoming entangled.

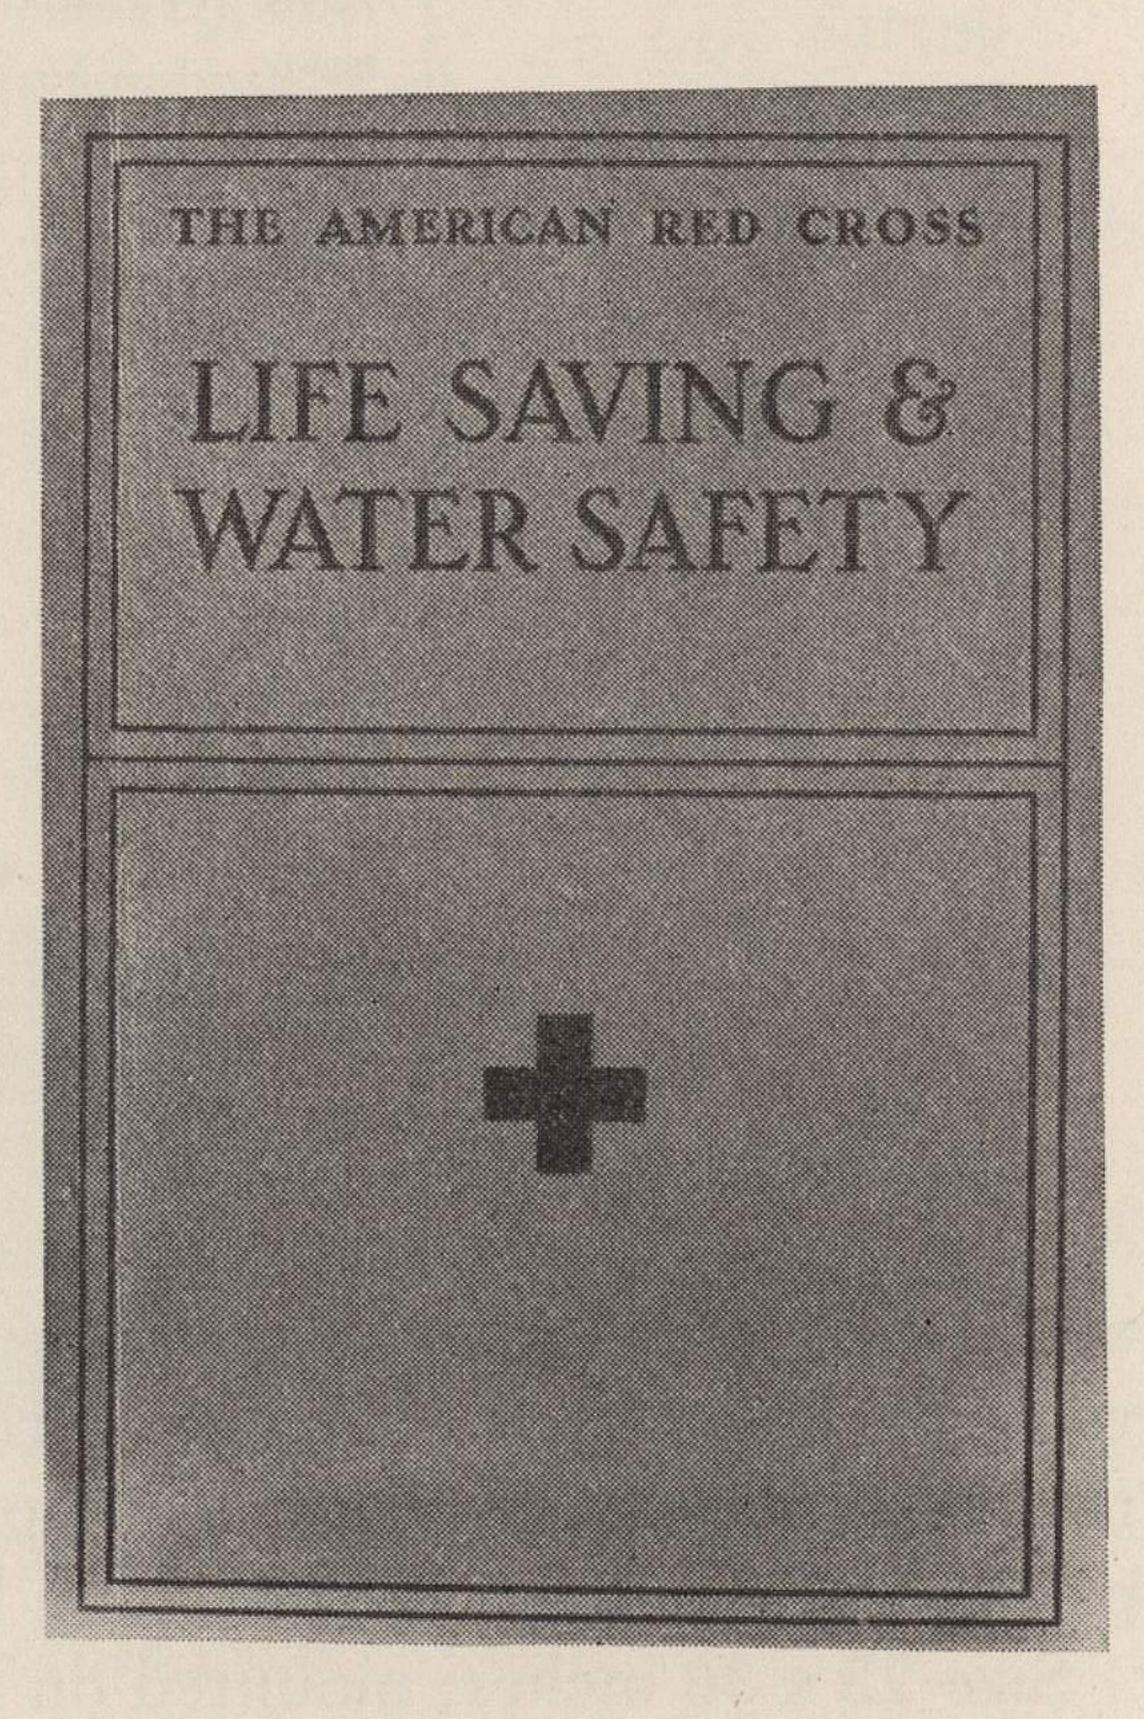

Price of Buoy\$	54.25
Price of Rack	1.00

Rack	5.00

Life Saving and Water Safety Text Book

The American Red Cross Textbook "Life Saving and Water Safety" is the basis for instruction and for the examinations given for the qualifying of Junior and Senior Life Savers and Examiners. It is authoritative and the result of the long experience of the American Red Cross in the field of aquatic safety. The material is attractively presented, readable, and well adapted to teaching and learning. The illustrations are a striking feature, many of them for the first time giving accurate under-water views of procedures involved.

The Red Cross First Aid and Life Saving Service invites inquiries regarding its Life Saving and Water Safety Courses and its plan of instruction and leadership training.

Bound in a limp, water-proofed cover; 267 pages; 141 illustrations.
