

May 15, 1940.

Mr. Don S. White,
Basketball Coach,
University of Connecticut,
Storrs, Conn.

Dear Don:

I will be very happy to serve as a member of your Rules Committee of the Basketball Coaches Association. You may count on my full cooperation.

It was very nice of you to write as you did about our team. Bob, my son, is a pre-medic and will be a senior next year. He wants to take his medicine at Harvard, and is expecting to take a competitive examination for a scholarship. We are, of course, more proud of his academic ability than we are of his athletic prowess. Both Bob and I greatly appreciate your letter.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
