Dear Forrest:--

Wish I could have seen your game last night with M. U. It must have been exciting. Now beat Oklahoma and again carry off Big Six honors.

I expected to be back last fall, but met with a serious automobile accident Oct. 1st from which I have not as yet recovered altho I am improving slowly. In riding to Los Angeles with some friends the driver ran into some slippery pavement and turned the car over. I was in rear seat with another party and my injuries included a broken hip, both shoulders and eight ribs also broken, so you may see I have had a battle. I hope to be able to start trying to walk again some time next month. The thing for which I am the most grateful is the fact that Mrs. Wolf was not along.

She joins me in kindest regards and best wishes to you and Mrs. Allen.

Sincerely,

Oscar D. Wolf,

We will be pulling for you  
next Friday night.
