Dear Phog:

The first thing I want to do is apologize for the delay in answering your letter of March 30. It arrived while I was in Texas and I was here only a couple of days. Have just returned and am leaving again for St. Louis this afternoon, and will not return to my office until after our annual meeting next Tuesday.

I want to discuss the possibility of our working something out for Elwyn Dees with Harold Schmidt before making a definite reply to you. Want to assure you I will do everything possible to get something lined up for him. No doubt I will be in Kansas City sometime within the next month or two, and I shall be very glad to let you know in advance so Mr. Dees can drop over to see me. I will do this regardless of the outcome of my discussion with Schmitt.

I flew to Culver for Easter and had a most enjoyable visit. Everybody seemed to be quite enthusiastic at the way their sons were getting along, and to me it was indeed nice to have an opportunity of visiting with my own boy.

Blanch and Mary Louise had a nice visit with your daughter on the west coast. They feel she is not only attractive but a very capable and talented girl. I know you must be very proud of her. I hope some time this summer we will all be able to get together again. We have often discussed the nice time we had with you and your family last year.

Thanking you for your many favors and with kindest regards, I am

Sincerely,

KSA:TEK
