

October 25, 1939.

Dr. Fred Wrightman,  
Sabetha, Kansas.

Dear Dr. Wrightman:

I just wanted you to know that I haven't forgotten the fine acquaintances and friends that we have made on our trips to Sabetha. Neither have I forgotten the wonderful hospitality enjoyed in your home. The fact that I had such a nice visit with your lovely family lingers long in my memory.

If at any time I can do anything for you it will be a pleasure. Perhaps I may not have the opportunity, but if I am ever called upon I will be glad to get the job done in a highly satisfactory manner.

I would be interested to know how Fred, Jr., is getting along, and more about your family. It will be a pleasure to hear from you.

By the way, I would like to know how Floyd Hansen is getting along. Be brutally frank in telling the truth, good or bad. I hope, however, that it will be good. He is a fine young man.

With all good wishes to you and yours, I am

Very sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.
