

September 8, 1939.

Mr. William Wade,
Rexford, Kansas.

Dear Bill:

I have just received your good letter of the 4th instant and I want to assure you that I do remember you very, very well. You are a fine boy and you made a strong impression upon me last spring. Do not think that I would forget you quite so easily.

I have just checked up on your eligibility and if reports are correct you have but 26 hours. You need 27 hours for eligibility. I am wondering how you came to make the error.

Bill, it might be better for you to lay out a year and take some correspondence work so that you will be eligible for athletics a year from now. There are many fellows that are wanting to come to school and want a job, and it is a little late now to try to find something. I am sure that we could have found something for you, but you know of course any jobs that we have are generally for the boys who keep eligible. I am wondering if you consulted anybody about your eligibility. If you had taken one more hour in either semester you would have been eligible. If there is any error in this, please write me, and if there isn't any error - write me anyhow.

I want to hear from you, Bill. I would be glad to help you any way that I can.

With all good wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
