Dr. Forrest C. Allen
Director of Physical Education and Recreation
The University of Kansas

Dear Dr. Allen:

I am interested in your suggestion in your letter of February 22nd but it presents the difficulty of acting in the same fashion for several other buildings, notably the Chemistry building and Snow Hall.

I am passing your letter on to Mr. Bayles for any action he may be in a position to take although I doubt very much whether the situation can be relieved except by police action against the offending students.

Very truly yours,

Henry Werner
