Mr. Forrest C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear "Phog":

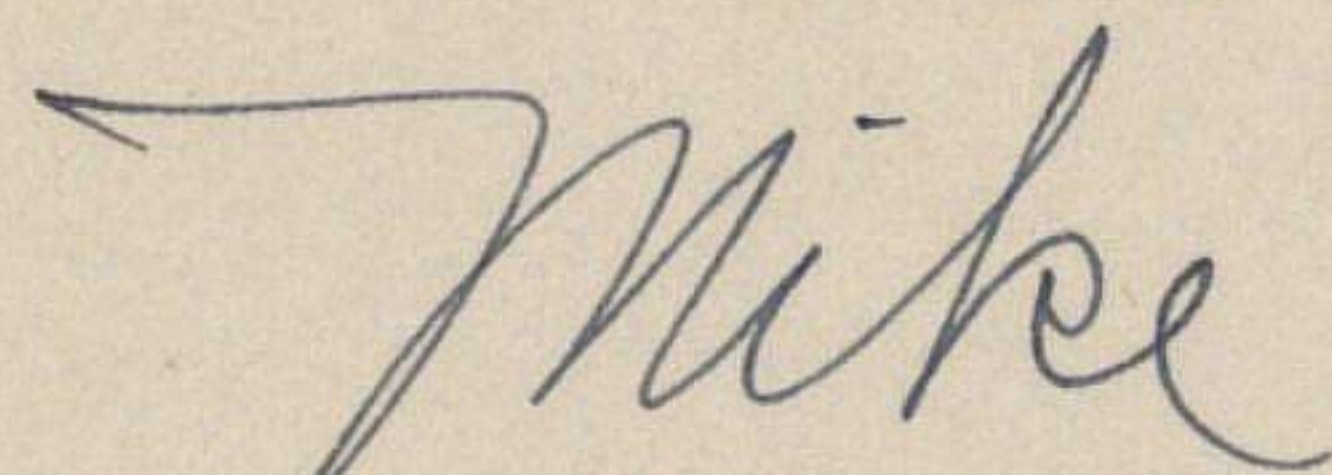

I have been waiting until the last moment before writing you regarding a golf game Saturday morning. Much as we hate to admit it, old age has at last caught up with Doc King and Mike Ahearn. Doc has been under the weather for nearly two weeks with an attack of lumbago and a severe case of cold. He is just getting back some of his strength and we hope that he will be as good as ever within the next week or two. I also am the victim of a rather inconvenient cold. We have decided that we can't take it any more. We certainly would have enjoyed playing at the Lawrence course with you and any friend that you might select, and believe it or not, some fine day we are going to try and get an opportunity to come down and enjoy a round of golf with you.

It don't seem quite right for me not to be writing you concerning the arrangements for the game Saturday, and I assure you that I miss the Conference Association with such fellows as you and Benny Owens.

Thanks a lot for your kind invitation and some day if Doc King and I can find time to visit the fountain of youth, we may be in shape to give you some competition at the grand old game of golf.

As ever I am

Sincerely yours,

M. F. Ahearn
Director
