Dear Sirs:

I should like to receive a copy of your latest catalog on archery equipment.

This fall we have inaugurated classes in archery here at the University of Kansas, and there seems to be a tremendous interest. I notice in your 1937 catalog that your handbook "Syllabus on Archery" is available for free distribution to classes and individuals interested in archery. If it is at all possible, I should like to have about forty copies of this syllabus for our students.

Thanking you, I am

Sincerely yours,

V. W. Lapp,  
Assistant Professor,  
Dept. of Physical Education.
