

January 5, 1938.

Mr. Webb Woodward,
633 Jackson Street,
Topeka, Kansas.

Dear Webb:

I have done exactly as you requested regarding the four tickets and they will be in your name at the ticket booth at the auditorium.

I would have followed your orders if it had only been in regard to tickets, but when you tell me regarding the blessing of a son on Christmas Eve to the Webb Woodwards, I want you to know that I carried your message home and Mrs. Allen said, "Be sure and tell Webb that the Allens heartily congratulate him."

She remembers when you visited at our home and told her about the anticipated event.

Now regarding Milton. They are expecting the arrival of an heir about January first, so most any moment we would not be surprised to get some word. However, on Friday night the freshmen and the ever-victorious all-stars are playing after the Oklahoma game, and Milton is hoping to come in for that game. I imagine the great strain on the young man is apt to interfere with him in his basketball play.

Webb, Milton is getting along fine and everybody is happy as can be.

Now, since I have brought the information regarding the Allen clan up to date, I would like to be remembered to all the Woodwards, of whom all the Allens are very fond.

With every good wish, I am

Fraternally yours,

Varsity Basketball Coach,
Director of Physical Education.
