Dear Dr. Allen;

The Boy Scouts of Lawrence have appreciated the many courtesies which you have extended to them in the past. While they may not always have acted as Boy Scouts should, we still have to recognize the fact that they are only boys.

They would appreciate having the privilege of the pool in Robinson Gym whenever it is available. There are some 60 Scouts who avail themselves of this privilege. Vete Nowosinski has promised to be in charge of the boys while they are in the pool. Elmer Horseman, Jr. and Leslie Thompson, two K.U. students who are assisting in Scout work under C.S.E.P., will assist Vete. We feel that this should be enough supervision to be effective. E. O. Stansbury and Edwin T. Burgess will also be in attendance at various times.

The Scoutmasters feel that some of the criticism which has been directed at the Boy Scouts for certain occurrences in Robinson Gym ~~is~~ not warranted.

Trusting that arrangements can be made for the Scouts to use the pool in Robinson Gym,

Sincerely yours,

Weste
