Dear Forreil:

I at last got to see Principal Van Slyck about the matter you phoned me about.

He said he would very much like to have you speak at an assembly of the entire high school but it was so close to Commencement (about two weeks) that all the time had been arranged for and so it would be impossible this Spring.

He would be very glad to have you anytime next fall. Of course that would defeat your purpose in a way, but it seems to be the best that can be done at this late date. I am very sorry.

Very truly  
Chester Woodward
