

THE SALINA JOURNAL

SALINA, KANSAS

March 26, 1938.

Dr. F. C. Allen,
University of Kansas,
Lawrence, Kansas.

Dear Phog:

Carney Smith was in to see me this morning to make application for the position of football coach in our high school. Being a member of the board of education for lo these many years, I realize that many things enter into the qualifications of a man for a teaching position. I would therefor like your very candid opinion of Smith for this position. He seems like an upstanding and earnest young fellow to me but I know that you had four years' contact with him when he was at the university and playing on the football team. I will, for that reason, value your judgement very highly.

With kindest personal regards, I am,

Sincerely yours,

Earl C. Woodward
