Dear Fog:

I spoke to you last night about Mark and thought you would like to have a letter on it.

He is at present director of advanced training of Paratroopw at Ft. Benning, Ga., and is classified as "Essential". He feels however that if he wanted to get out of th Army it would not be difficult on account of his having over 130 points and his limited service, not being physically fit for combat duty.

Now that the Pacific war may come to an end very shortly and a great many men released from service, Mark, like most veterans is looking forward to the future and getting back into civilian life.

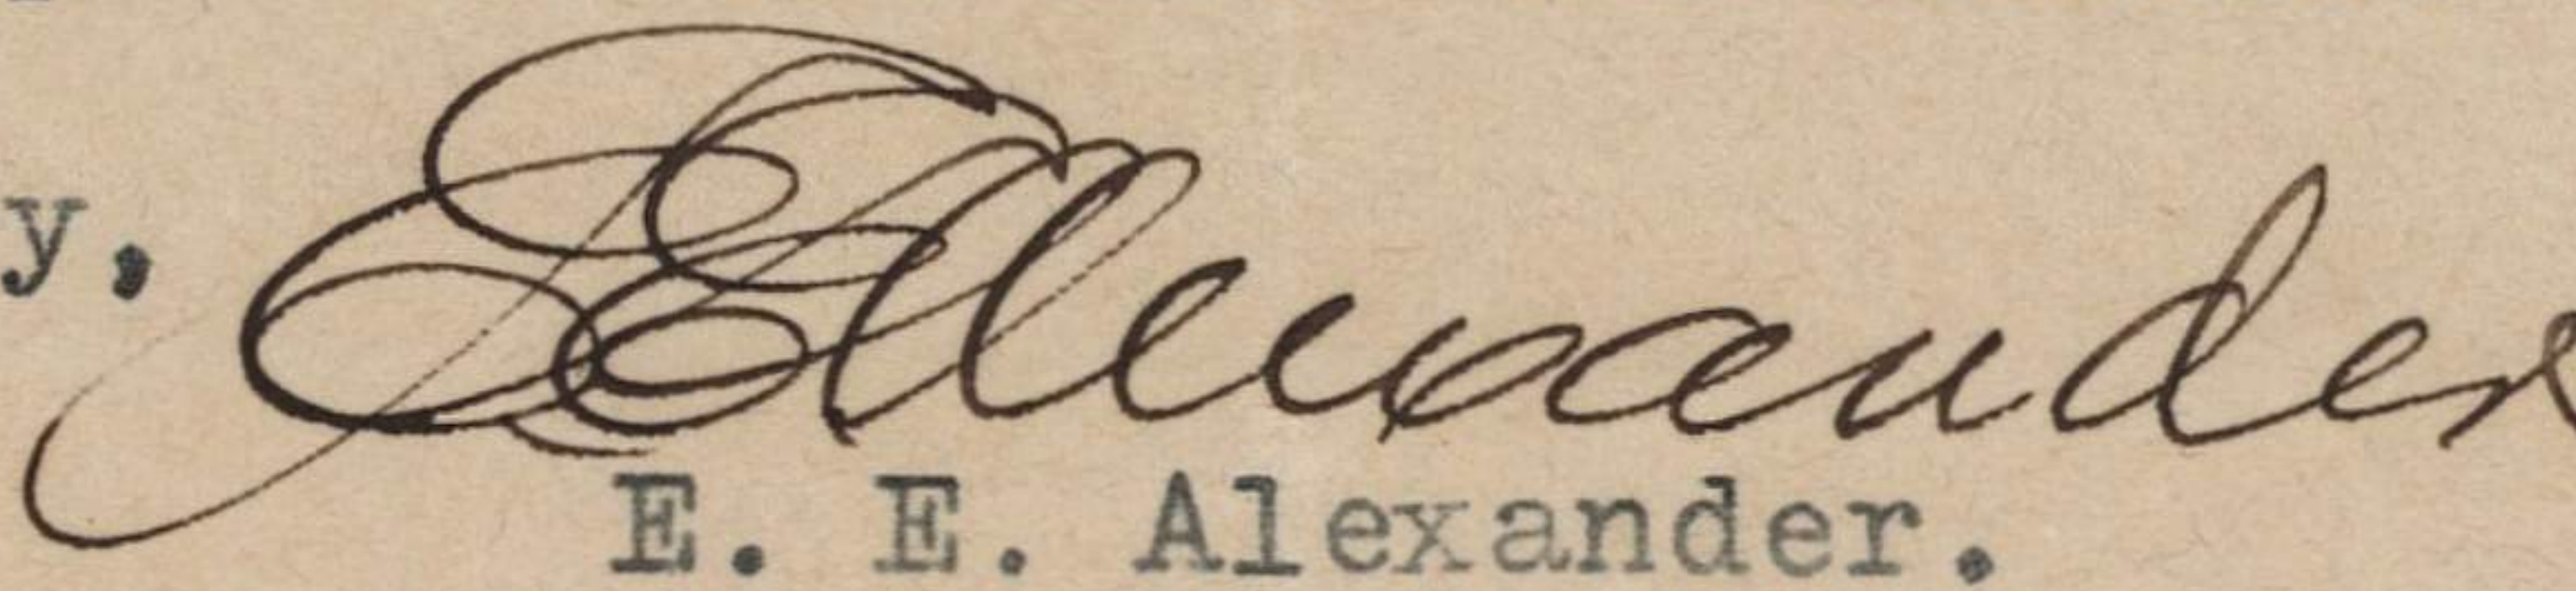

He seems to be interested in this new set-up of Veterans Aid Organization and has asked me to find out from you what the prospects would be for him to secure one of these appointments in Kansas, and any additional information as to the pay and how to go about applying for the job.

Mark understands men and gets along with them. His pay is around \$7,000. per year but he realizes that there will have to be readjustments to get back into civilian life.

I know he would like to hear from you direct. If more convenient I will write to him as to what you find out.

Thanking you for past favors and with kindest regards, I am,

Yours truly,

E. E. Alexander.

Mark's address:

Lt. Col. Mark Alexander,
A.T.D., Paratroop School,
Ft Benning Georgia.
