Chancellor Deane W. Malott
University of Kansas
Lawrence, Kansas

Dear Chancellor Malott:

We are enclosing a print of the proposed change in the swimming pool for your consideration. Please have Professor Allen peruse this print to see if it meets the conditions which he requires.

As near as we can tell from the drawings of Marvin Hall, the location shown on the print is the best we can do in relation to the existing footings.

If this layout meets with your approval, we are ready to proceed on the structural portion of this work.

Yours very truly,

Charles L. Marshall
Assistant State Architect
