

UNIVERSITY OF KANSAS

Office of the Chancellor

Dear Mr. Allen:

November 6, 1943

The 3-term plan of the 1943-44 school year, which began in September and will run through next June, will cover approximately ten months or one month more than the normal school year. You will recall that when the Senate authorized this calendar, it was stated that the faculty were to be paid the usual nine installments starting with September whether or not they taught the 5-weeks term, and that anyone who taught in this term would receive compensation in June, the amount to depend on the load in the short term. On the basis of records on file in the Chancellor's office, the Budget Committee has evaluated your load in the 5-weeks term as full time. Therefore, if you carry a full load in the spring semester, you will receive full time pay for June.

Sincerely yours,

RAYMOND NICHOLS
Executive Secretary
