

October 8, 1941.

Chancellor Deane W. Malott,  
University of Kansas.

Dear Chancellor Malott:

I am delighted that you are interested in skiing as a recreative sport. And the fact that Finn B. Jensen is available is a ten-strike as far as we are concerned. I would be very happy to contact Mr. Jensen and work on this project for the coming winter if you so desire.

The Senate Athletic Committee recommended to the Senate that a director of recreation be appointed to handle the recreation for the students of the University. Mr. Peseey then made a motion that it be referred back to some committee for reconsideration. I have never heard what action was taken, but if we had someone in authority to do this as proposed by this Senate resolution then it would be an easy matter.

I hate <sup>to</sup> initiate such things as this without authority from the Senate, but of course I am always happy to respond to some specific request which is desired by you.

Very sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball and Baseball Coach.
