

October 6, 1941.

Chancellor Deane W. Malett,
University of Kansas.

Dear Chancellor Malett:

I do not want to pain you with this exhaustive letter which I have written to Lt. Col. W. H. Browne.

Browne was the varsity basketball coach at Nebraska until he was called with the Nebraska National Guard. He was also the assistant athletic director at the University of Nebraska and end coach of the varsity football team.

There are some pertinent facts in the letter that I thought you might be interested in.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
