Dr. Forest C. Allen
Department Physical Education
University of Kansas
Lawrence, Kansas

Dear Dr. Allen

This will verify our conversation yesterday relative to the papers which I had filled out for the Naval Reserve.

They informed me at the Kansas City office that since I had done nothing more than to fill out the papers that I had in no way jeopardized them or myself, and that it would be perfectly satisfactory and above board to accept the position at the University, and that nothing more would be said regarding the papers.

Sincerely yours,

Reginald R. Strait
