Memorandum to Chancellor Malott

Thank you so much for the tear sheet from the Colorado College Alumni News showing the cargo net as a part of their obstacle course. I think this is swell, and we hope to utilize it.

I promise you that we will have a "dinger" of an obstacle course, but I do appreciate your sending the aids along to us. I am returning the book in a couple of days.

Sincerely,

Director of Physical Education,
Varsity Basketball Coach.
