Gentlemen:

We acknowledge receipt of your January 4th letter, calling to our attention of the shipment of only one hundred twenty feet of 1-1/2" black pipe, whereas your order requested three hundred ninety-two feet.

It so happened that our stock on this particular size was low, and we shipped you all the pipe we had in stock at the present time. We have a car of pipe on order with the manufacturer, which should be received by us within the next ten days. Immediate shipment will be made to you of the balance of your order upon receipt of this car.

We regret very much our inability to ship your order complete, and trust that you can wait until we receive our carload shipment to complete your order.

Thanking you very much for the order, we are,

Memorandum to: ✓ F. C. Allen
R. L. Wiley

This memorandum carries the schedule for use of Hoch Auditorium by the basketball team and the Music Clinic on January 9, 10, and 11, and confirms the schedule reported to each office earlier by telephone.

Thursday, Jan. 9 -- Basketball team to use Auditorium until 5:00, or possibly 5:30.

Friday, Jan. 10 -- Auditorium reserved all day and evening for Music Clinic.

Saturday, Jan. 11 -- Basketball goals to be put up early in the morning. Basketball team to use the floor at 4:30.

Any changes that seem necessary in this schedule should be worked out in conference by the parties concerned.

Jan. 3, 1941

Dr. Allen:

Mr. Nichols called and said that due to the Music Clinic which is being held next weekend, they have made arrangements for basketball practice in the auditorium as follows:

Thursday, Jan. 9 - team can practice until
5 or 5:30

Friday, Jan. 10 - closed to practice altogether

Saturday, Jan. 11 - team may go in at ^{5:30}~~4:30~~

3:30 - 4:30 performance

4:30 - 5:30 remove elevations

(remove elevations will take an hour)

This will necessitate having the goals taken down Thursday night or Friday, and put up again early Saturday morning. Mr. Nichols said he would call Mr. Falkenstien about the goals so he could tell Mr. Davidson.

Dr. Allen:

Mr. Wiley just called to check the hours that Mr. Nichols gave me regarding the time the auditorium may be used for practice this weekend. (You will recall there is a music clinic here this weenend)

The hours check for Thursday, no practice in Hoch on Friday, but on Saturday Mr. Wiley says it cannot possibly be ready before 5:30. Mr. Nichols said 4:30--but Mr. Nichols probably did not realize that elevations will have to be removed from the basketball floor after the afternoon performance, and Mr. Harris says it will take an hour to remove the elevations.

I told Mr. Wiley that you no doubt will wish to practice in Hoch on Saturday in view of the fact that we have a game here on the following Monday. He said he was sorry you could not get in sooner on Saturday, and said he would be glad to talk to you if you wished to call him. He will send you a program of the music clinic.

Also:

Mr. Wiley said he will always be glad to arrange for the band to play between halves if you should want them to, but he would appreciate it if we could let him know a little ahead of time.
