Dear Mr. Besser:

Thank you very much for your kind letter of  
March 25th advising us that the Bachin Charts of the  
Nervous and Circulatory Systems will be ready for  
distribution on April first.

We are sending through our business office  
today our order for one copy of each of these charts.  
We feel that the charts will be very valuable teach-  
ing aids.

Sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball and Baseball Coach.
