

July 13, 1938.

Mr. Raymond Nichols,
Chancellor's Office,
University of Kansas.

Dear Mr. Nichols:

You will probably recall that early in the spring we suggested that the walls of the swimming pool be redecorated this summer. One of the University painters has submitted a design, and estimated that the job would cost around \$150.00. I am sending his design to you so that you may see what we have in mind.

I believe it very much worth while to do anything we can to improve the appearance of the swimming pool. It needs painting, and this tropical scenery painted on the walls would add greatly to the attractiveness of the pool. If the cost of this job could be handled through Mr. Bayles' budget, we would of course be very grateful. I believe you once mentioned such a possibility.

In this connection I would like to call attention to the men's bath room in the basement of the gymnasium. The concrete wall above the four-foot tile wall is very unsightly. We desire to have this painted during the summer.

We shall appreciate anything you can do for us.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
