

CAREER CLINIC

Fort Scott High School and Junior College

Here are questions that you may want answered during our annual Career Clinic. If you have others, add them to the list and ask your counselor.

1. What high school and junior college courses are especially helpful for the occupation you are considering?
Since the Kansas schools compared notes on requirements — at Wyandotte last year I took copies of our Physical Education course and very briefly outlined it for the groups there.
2. What preparation is needed after high school or junior college? *An additional two years as a minimum.*
3. Where can one obtain this preparation? How long will it take? About how much will it cost?
Any first class college or University. Four year minimum time. I should judge between \$400 and \$500 for the bare necessities.
4. What is the minimum age for starting? *Depends upon the individual.*
5. What is the most desirable age for starting? " " " "
Certainly the individual should be pointing towards his goal in high school.
6. What personality traits and abilities are considered most important for success in this field?
1. Likes people 2. Desire to work with people. 3. Ability to get along with others. 4. Cheerful personality 5. Not afraid of work — either physical or mental.
7. What is the beginning pay? *Around \$1,000.*
8. What are the chances for promotion? *Great — especially during this present emergency.*
9. How does one get started in this occupation? *Take the prescribed course and enroll with placement bureau.*
10. What is the best way to earn a promotion? *Show "what you have" — so offer the profession.*
11. Is employment in this field permanent? *Yes*
