Dear Miss Kennedy:

This will introduce Mr. Blaine Riley, a member  
of our Freshman Basketball Squad.

Mr. Riley is a very dependable young man, and  
I know that you will like him. I believe he will do a  
fine job with your pupils who are interested in basket-  
ball.

Assuring you it is a pleasure for us to be of  
any service to you, and with best wishes, I am

Dr. F.C. Allen  
Lawrence, Kansas

Dear Dr. Allen:

The Pinckney boys are anxious to play basketball again this year. We are in need of a young man who might be interested in coaching several teams twice a week, at least, after school at 3:40 o'clock. I feel you might have some one in your department who would like to do this for experience. Last year Louis Thompson helped us several times and I know the boys gained so much from this experience.

I know that you are very busy at this time and I do not want you to go to a lot of trouble but if you do know of such a person his help will be greatly appreciated at Pinckney.

Thanking you in advance for any help you may send.

Sincerely,

I would appreciate  
it very much, if you  
had a student who  
was interested in  
helping boys with  
basket ball, and  
could give us time  
to teach the boys.

I feel sure the  
boys would be happy,  
as they have begged  
for help. I am sorry  
that is no pay for  
this service at this time.

My dear Dr. Allen:

Thank you for calling to my attention the work which is being done in Cordley and Pinckney schools.

You might use this opportunity as the laboratory phase of your course in basketball. Maybe by-and-by we can have an official supervisor and then count it as practice teaching.

Sincerely yours,

This is a service we are glad to do, and I just wanted you to know of it. Some time it may develop into a more elaborate program.

After I get back from the Oklahoma trip I am very desirous of having a conference with you on some other matters.
