PFC Robert W. Clowe, 37725027  
Ward 26  
Wm. Beaumont General Hospital  
El Paso, Texas

Dear Mr. Crowe :

I have been waiting for your transcript to arrive but as yet they have not. It may be that the high school sent your credits to the Registrar.

I am writing you to assure you that we will be very happy to have you in our department of physical education. I am sure that when you are released from the hospital you may want to call upon us to have a talk with us regarding your major in physical education. It certainly will do no harm ~~and~~ I think it will do a lot of good for you to take some subjects in the courses of the USAFI. I passed your letter on to coach Henry Shenk and he says to give you his kindest regards.

I want to assure you that we will do every for a returning veteran from the service. We owe you and other men like you a great deal and it is our hope and desire to help you help yourself in every possible way. Each month I get out the Jayhawk Rebounds for our boys in the service. It first started by my writing a few boys who left the University and the correspondence got so heavy that I thought I should like to have all the boys interested to have one. You being a good Junction City Jayhawker I am sending you my last issue and if you are interested, write me and I will put you on the regular mailing list.

With every good wish for your complete recovery and your future success, I am

Sincerely yours,

Director of Physical Education  
Varsity Basketball Coach
