

CAPT. FORREST M. CHAPMAN

118 E. HINTAH
Colorado Springs, Colo.
22 May 1945

Dear "Doc":

Your second and most welcome "Rebounds" arrived yesterday causing me to realize my good intentions to write you, soon after the first, were still only intentions.

It is needless to say that I enjoy reading of the Boys and of your experiences. Anyone of us would be something other than a Jayhawk if we didn't read Rebounds from cover to cover.

I appreciate Dick Harris' having you put me on your mailing list and I agree with Dick when he said in his last letter, "Dr. Allen deserves the Bronze Star for his efforts in writing to the Boys overseas." I realize Stars aren't issued to civilians but if thanks and appreciation will help in certain you are in for your share.

Miss Radar asked for overseas duty and was shipped out to a P.O.E. However when the war ended in Europe she was still in the U.S. & has now been put in a replacement pool at Ft. Dix, N.J. She enjoyed the first copy of Rebounds as much as I did & said to send you her best. She & her crew have helped my leg immeasurably.
