

Alice & I are beginning to think of leaving Colorado just as the weather is beginning to get livable. The medical Board recommended Permanent & limited Duty for me today. Now, I'm sweating out orders from Washington. They may retire me, or assign me to duty. If it is duty, I'll probably draw ROTC duty, as a Colonel from Omaha interviewed me with that in mind last Saturday. Regardless, we should be in Lawrence in a few weeks. (Kansas still looks the best to me after Africa, Italy & half the states of the 48.)

Thanks again for remembering me. I certainly enjoyed seeing about half of the home basketball games last season. I hadn't seen a game for three years and that's too long for a Kansan.

Sincerely,
Forrest M. Chapman
