Dr. F. C. Allen
Lawrence, Kansas

Dear Sir,

I am writing you in interest of our Rotary club. We are having Rotary Ann meeting Tuesday May 29th.

It is the wish of the club that we secure you as the speaker of the evening. If you do not have an engagement for that date we would appreciate it very much if you would meet with us at that time as our guest speaker.

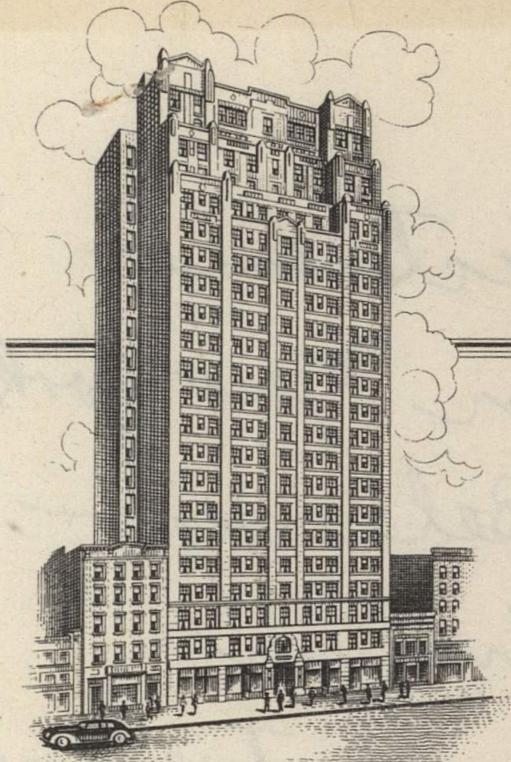

We meet at 6:30 p. m. Hoping it will be possible for you to be with us I am,

Sincerely,

Marshall Copeland

Dear Doc, Allen:-

I certainly did appreciate your response to my letter. There fore I thought I'd keep you up to-date as to my activities.

Two weeks ago I was told to report to the New York City Institute for Disabled. I was one of seven sent from our facility at Batavia. Three doctors, Voc. guidance, P. T. etc. The central office has representatives

here, The Bronx - + Boston are also attending.

Under the direction of Dr. Seavers from New York University and the Bellevue hospital we are taking an intensive course in the treatment used here for the more seriously disabled. That is the transverse myelitis cases that seem to be coming to the facilities in larger numbers. —

Dr. Seavers is a wonderful man and has a dandy way of putting it (his ideas) over to us. —

He has cases who have been in wheel chairs for 10 + 19 years before they came to him, up on crutches and braces going about the streets of New York. —

Of course you've known about him and the work, but it's new to me and I'm enjoying the chance to work + learn here. -

Congratulations on the University of Kansas School of Medicine putting in the course for Physical Therapy Technicians, I'd almost bet you had something to do with it.

I expect to go back to Batavia next week and continue on with the

Dear "Phog":

We would indeed be honored if you and Mrs. Allen would accept an invitation to be our guests at the annual K-Club dance, 8:00 p.m., April 21, in the Union Ball Room. The dance is semi-formal. At 10:00 p.m. the K-Club varsity queen will be crowned by Governor Schoeppel.

Respectfully yours,

Dear Dutch:

I am out of eggs and if you would bring me five dozen if you come in Sunday I would greatly appreciate it.

You have been mighty nice to me, and I appreciate it.

I am writing the Rebounds now and mentioned your son, Charles.

Mr. Earl Chapman,
McLouth, Kansas.

Dear Dutch:

I am sending you a list of the number of dozen eggs that we got together with the dates, and you can figure what eggs were worth and put a price on them, and we will settle with you at your convenience.

On September 7 - 15, we got 11 dozen, and on October 29 we got 4 dozen and 10 eggs. On December 9 we got 5 dozen, and on March 18 we got 6 dozen and 8 eggs. On April 8 we got ten dozen. That makes a total of $37\frac{1}{2}$ dozen. The dates will allow you to figure about the price that should have been paid at that time.

Anything you say is highly satisfactory, as I assure you that I appreciate your kindness in bringing them in.

I am sorry that I missed the boy. I am writing another Jayhawk Rebounds and will mail him a letter, but I imagine he has a new address. Drop me a line giving me his new address and I will see that he gets it pronto.

With all good wishes, I am

Sincerely yours,

Dear Dr. Allen,

Dick asked me to write you to give you his new address since he may not have a chance to write you himself for quite awhile. He has just arrived in the Philippines and is stationed at a replacement depot near a large city which I assume is Manila. He will be there until assigned to a regular outfit. Their trip over was long and uneventful, but he was in an air raid a couple of days after arriving in the Philippines. That was a good way to get initiated! On the way across the chief source of amusement seemed to be boxing matches and other athletic events suitable for a crowded transport ship. The one which the fellows liked most was one in

which five blindfolded men boxed.

Dick participated in that as well as the other sports and really enjoyed them.

That's about all the news from him, but I did want to send you his address in case he doesn't get a chance to before the next newsletter comes out. He certainly enjoys your newsletters and I do, too. — In fact we used to fight over which one of us would get to read them first! In many cases, ^{they} have been the only way of keeping track of friends we haven't seen for months. It's really a great service to your "K U boys" (as well as their wives) and they really do appreciate it.

Dick's address is -

Dear Bob:

I have your postcard which was addressed to the Basketball Coach of Kansas State College of Agriculture and Applied Science, Kansas State College, Pitts, Kansas.

For your information, we are at the University of Kansas, Lawrence, Kansas. The Kansas State College of Agriculture is at Manhattan, Kansas. At Pittsburg, Kansas, they have a Teachers College, as well as Teachers Colleges at Hays and Emporia, Kansas. The University is a group of colleges and we have the colleges of Medicine, Engineering, Journalism, Law, Fine Arts, Pharmacy, and Liberal Arts. That is why they call us the University.

It is nice of you to write expressing your pleasure at the uphill fight we made in trying to win the Big Six championship. Iowa State was as hot as the proverbial fire-cracker against us, as they hit 35% of their shots that night, when their season's average was 24%. However, Coach Louis Menze, the Iowa State coach, is one of my old boys, and while Kansas would liked to have won the championship, they were pleased indeed that one of my old players was able to coach the championship team. Coach "Dutch" Longberg of Northwestern University, Coach Adolph Rupp of Kentucky, and Coach "Frosty" Cox of Colorado, are some of my other coaches out in the coaching field.

I regret that we do not have a uniform of our basketball team that we could send you. Equipment is so difficult to get that we have had great trouble in getting enough to equip our boys. We wear woollens and not rayons. The rayon looks flashy, but to me it has always looked like a bathing suit or equipment for a chorus girl. We wear woollens because they retain the heat of the body better and are better protection of the players, and then I think they are more compatible with an athletic uniform. They are not so flashy but are more substantial.

Thanking you for your good wishes, and regretting that we cannot comply with your request, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Dr. Chambers:

Thank you for sending me your circular letter of May 18th regarding the tuberculosis chest clinic. I think this is a wonderful thing and it has my unbounded support.

The University, of course, regularly conducts chest examinations, and I have availed myself of this opportunity for x-rays. All our family have grown and moved away.

Congratulations on doing such a fine job.

May 18, 1945

Dear Sirs:

I am inclosing a statement of the approaching, tuberculosis finding, chest clinic.

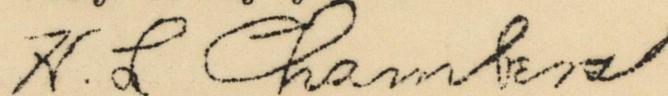

Will you comply with its suggestion and make an appointment for yourself, your family and your employees? It is especially desired that all food handlers, food processors, and food servers be examined yearly or oftener.

We contemplate a special certificate for commercial firms in which all employees are examined and found negative.

Hoping to see you and your people at a clinic,

I am,

Very truly yours

H. L. Chambers, M. D.

Beginning at 1 o'clock on Wednesday, May 23, in the Community Building and lasting till Saturday evening, there will be a chest X-Ray clinic. This will be one in the series of such clinics held and to be held in Douglas County with the idea of detecting cases of tuberculosis sufficiently early to make it possible to do something worth while about them.

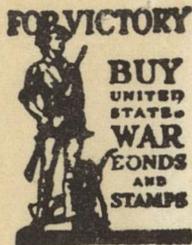

It is expected that the public schools of Lawrence will be served Wednesday afternoon and evening and Thursday forenoon. There will be occasional short vacant periods during this time when others might be attended without waiting long.

It has been found more convenient as well as time saving for everybody to take the people in groups. Please call in, 462, and make an, approximately, appointment for your group. Regular operating hours will be 10 to 12, 1 to 5, and 7 to 9.

There are separate dressing rooms for men and women. Friendly assistants will be in attendance. We hope to have arrangement for taking bloods for serologic tests. There will be a view-box and continuous clinical explanatory lecture.

We are fortunate in getting X-Ray film for this clinic. The war needs have made it impossible for many people to get X-Rays as they desire them.

Dear John:

I am glad to know of your interest in the Department of Physical Education at the University of Kansas. I am enclosing a brochure describing the requirements for a major in this department, and am also asking the registrar's office to send you a schedule of the summer courses.

After looking these over, if you have any further questions I will be very happy to hear from you. I am sorry I was out of town when you called at my office Saturday morning, but hope to greet you the next time you come to Lawrence.

Dear Doctor Allen;

Your last "Rebonds"
arrived here yesterday via Orangeburg,
South Carolina, Maxwell Field Alabama,
Scott Field, Illinois. I was glad to
receive it too - it was chock full of
news.

My orders transferring me over
here from Scott Field were issued
on May 9th. So I left Dorothy and
Betty in Ill. Va. with my relatives
and came on over here.

One of the ply. training
instructors said he rode a train
on his way here with Paul Turner
who was reporting back to
his ship.

I've been active myself - played
1st in 0 zone and diving in St Louis,
twice 2 seconds and 1 third in the

central aac gymnastic meet and
placed 5th all round, 3rd on
horizontal bar in the National
aac Gym meet in Jersey City

Physical Training in the
Air Corps Technical Training
Command seems to be getting
soft. The students here at Langley
are not worked very hard. The
emphasis on conditioning is not
as strong as it was a few months
ago.

Give my regards to Mrs
Allen and the physical education
staff at H. V. Best of luck to you
on your summer playground.

DR. FORREST C. ALLEN
DEPARTMENT OF PHYSICAL EDUCATION
UNIVERSITY OF KANSAS
LAWRENCE, KANSAS

DEAR DOCTOR ALLEN:

YOU PROBABLY DON'T REMEMBER ME AT ALL. I WAS ONE OF YOUR FRESHMAN BASKETBALL PLAYERS IN 1932, AND WORKED ON THE STADIUM CREW. BIG BILL JOHNSON FROM OKLAHOMA WAS AT THAT TIME, YOUR 1st STRING CENTER, AND MY IDOL SO TO SPEAK.

WHEN I WAS IN SCHOOL IN 1932, I WASN'T QUITE OLD ENOUGH TO BE EMOTIONALLY STABLE, AND I FAILED IN MY CLASSES THE SECOND SEMESTER, THE SPRING OF '33. HOWEVER, I LEARNED A GREAT DEAL ABOUT BASKETBALL FROM BILL JOHNSON AND FROSTY COX. THE FOLLOWING WINTER, I SPENT MOST OF MY TIME ACTING AS A HALF QUALIFIED ASSISTANT COACH TO MONK EDWARDS WHO WAS ATHLETIC DIRECTOR AT CONCORDIA HIGH SCHOOL, MY HOME TOWN.

DURING ALL THE INTERVENING YEARS, I HAVE FOLLOWED BASKETBALL CLOSELY AND STILL FIRMLY BELIEVE IT IS THE FINEST SPORT IN AMERICA FOR DEVELOPING YOUNG BODIES AND AN INSTINCTIVE SENSE AND APPRECIATION FOR TEAM PLAY. I HAVE ALSO THOUGHT OF PASSING AS ONE OF THE MOST IMPORTANT FUNCTIONS IN THE GAME. WITHOUT ACCURATE PASSING, ANY TEAM PLAYS UNDER A SERIOUS HANDICAP. CONVERSELY, WITH ITS HELP, ANY TEAM HAS A DECIDED ADVANTAGE, FOR THEY ARE ENABLED TO MOVE THE BALL SAFELY, AND AT WILL, TO A GOOD SCORING POSITION, AND AT THE SAME TIME CONSERVE VALUABLE ENERGY THAT WOULD BE SPENT DRIBBLING AND RUNNING AROUND.

I HAVE BEEN OVERSEAS ALMOST A YEAR NOW, AND THE OTHER DAY, IT OCCURED TO ME THAT IT WOULD BE OF SUBSTANTIAL HELP TO A COACH TO HAVE A "PRACTICE PASSING BOARD" WHICH PLAYERS COULD USE IN THEIR SPARE TIME OR WHEN THEY WERE NOT ENGAGED IN TEAM PRACTICE. THE ENCLOSED SKETCH GIVES THE BASIC ELEMENTS OF SUCH A BOARD. THE MOVABLE DISCS IN THE CENTER OF EACH TARGET WOULD BE CONNECTED BY METAL LEVERS TO A BELL. WHEN THE TARGETS WERE HIT SQUARELY BY A BASKETBALL, THE BELL WOULD SIGNAL A STRIKE, OR, A REWARD FOR ACCURACY. PROBABLY THE TARGETS SHOULD BE ABOUT THE SIZE OF A BASKETBALL. THE CENTER DISCS SHOULD BE SMALLER, MAYBE FOUR OR FIVE INCHES IN DIAMETER AND CONTRASTING IN COLOR. OUR ARMY HAS FOUND THAT WHEN A MAN AIMS AT THE BLACK BULLS-EYE ON THE TARGET RANGE RATHER THAN AIMING AT THE WHOLE TARGET, HIS MARKSMANSHIP INCREASES AMAZINGLY.

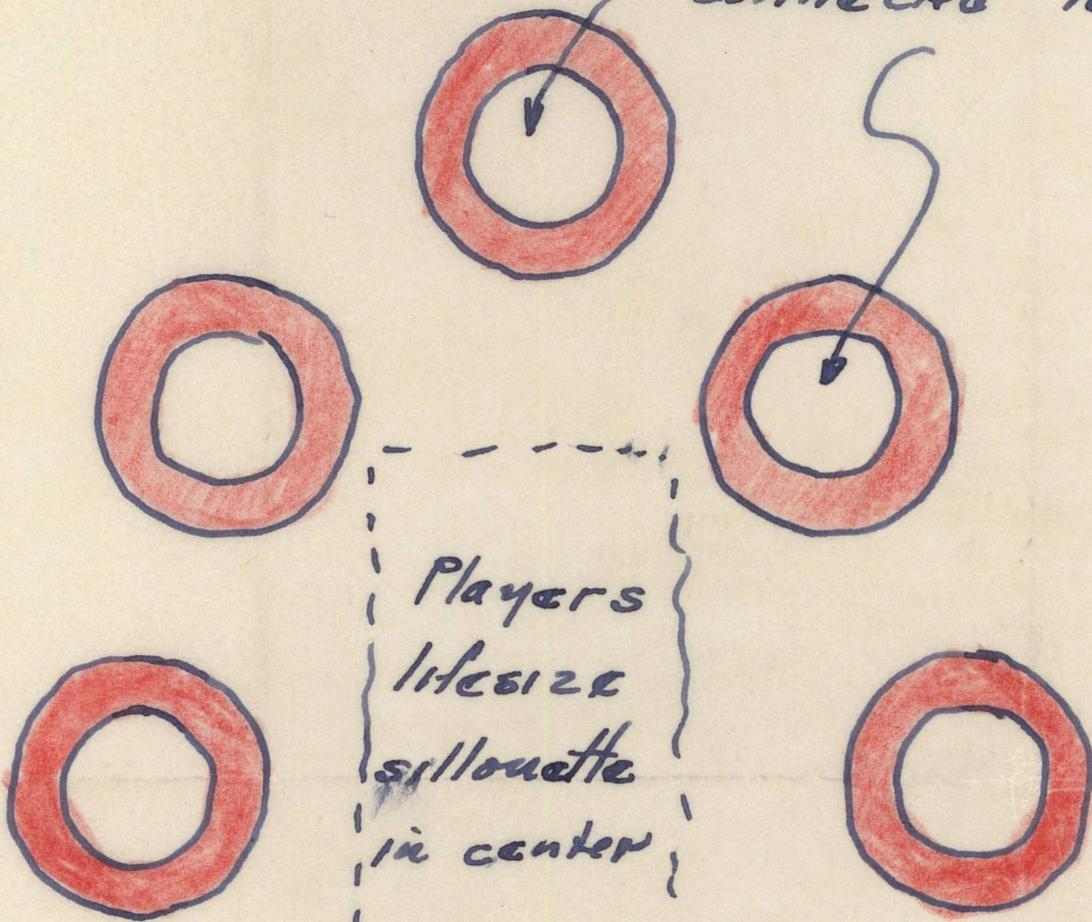

I AM ENCLOSING THE SKETCH AND ALSO, MAILING A COPY OF IT AND THIS LETTER TO MONK EDWARDS IN WICHITA. BOTH OF YOU HAVE MY FULL SANCTION TO USE IT AS YOU SEE FIT, PERHAPS THE WASTE BASKET. HOWEVER, I AM INTERESTED IN KNOWING IF THERE HAS EVER BEEN ANY SIMILAR DEVICE USED BY SOME COACH SOMEWHERE IN THE STATES. IF SO, I'D LIKE TO KNOW THE RESULTS. IF NOT, YOUR OPINION AS TO ITS VALUE WOULD BE APPRECIATED.

SINCERELY,

J.R. Cushing

Dear Potsy:

Congratulations on your new position as head Varsity Football coach at the University of Nebraska. Not knowing better where to address you, I am sending this letter to you at Lincoln, with a forwarding address.

I received a letter from Helen Filkin Fox whose husband is President of Punahou Academy at Honolulu. She stated she saw you on the street, and I put it in my Jayhawker Rebounds, a monthly communication which I write for the boys in the service. I am enclosing one for your inspection. You will find your name somewhere in these many pages. This exhaustive treatise may fatigue you, but this will give you some dope on the many personalities of the University, many of which you will not know.

I failed to mention Colonel AdLindsey's decoration and advancement because it came later than when this was written.

Good wishes to Janet and your two fine daughters (who I imagine are married by now).

I am able to tell you that
I am in the Phil. on Luzon
and near Manila. I have made
many trips to Manila on business
or duty I should say.

That town is really torn up and
blasted apart. All I can say
here was I came on the tail end
of it.

I know have my own company
and it is unusual due to the number
of men but it is larger than you
could ever imagine.

Am receiving news letter and
sure enjoy it. Hoyt Baker and
I were in Calif and he is near

Doc, I have recently
become the victim of tropical
fungi and the medics are sending
me to the Naval Hospital (Aiea)
tomorrow. Very aggravating, it
does not seem to respond to any
medication, however was some
improvement on four treatments of
X ray therapy. There is even some
possibility of returning to a cooler
area (stateside) as there are many of
this fungi infections incurable in
a tropical area.

I knew Larry Felkin while
on the hill, however not his sister,

The best of luck to you & yours
