

June 25, 1945

Lt. Commander George Potsy Clark
Athletic Department,
University of Nebraska
Lincoln, Nebraska

Dear Potsy:

Congratulations on your new position as head Varsity Football coach at the University of Nebraska. Not knowing better where to address you, I am sending this letter to you at Lincoln, with a forwarding address.

I received a letter from Helen Filkin Fox whose husband is President of Punahou Academy at Honolulu. She stated she saw you on the street, and I put it in my Jayhawker Rebounds, a monthly communication which I write for the boys in the service. I am enclosing one for your inspection. You will find your name somewhere in these many pages. This exhaustive treatise may fatigue you, but this will give you some dope on the many personalities of the University, many of which you will not know.

I failed to mention Colonel AdLindsey's decoration and advancement because it came later than when this was written.

Good wishes to Janet and your two fine daughters (who I imagine are married by now).

Sincerely yours,

Director of Physical Education
Varsity Basketball Coach
