2100

Dear Doc,

Hello and is the Grand man
of Kansas. I can't say old
because I didn't believe you could
ever get old. You always the
Youngster of every squad.

I am able to tell you that
I am in the Phil. on Luzon
and near Manila. I have made
many trips to Manila on business
or duty I should say.

That town is really torn up and
blasted apart. All I can say
here was I came on the tail end
of it.

I know have my own company
and it is unusual due to the number
of men but it is larger than you
could ever imagine.

Am receiving news letter and
sure enjoy it. Hoyt Baker and
I were in Calif and he is near
here haven't found him yet
however. That's about all I know
except it would nice to be
on Mt Oread. Things are tough
over here but yours
will make it. Dick Chanell
Lots of love
