

moved from France
by this time.

Doc, I have recently
become the victim of tropical
fungi and the medics are sending
me to the Naval Hospital (Aiea)
tomorrow. Very aggravating, it
does not seem to respond to any
medication, however was some
improvement on four treatments of
X ray therapy. There is even some
possibility of returning to a cooler
area (stateside) as there are many of
this fungi infections incurable in
a tropical area.

I knew Larry Felkin while
on the hill, however not his sister,
the Mrs. Fox you speak of here in
Honolulu, wife of president of Sunahou.

The best of luck to you & yours
Doc - regards to all

JWELL

P.S. - apologies on hurried scribbling,
limited to time on entering hospital.
