Mr. Jack Carberry,
Sports Editor,
The Denver Post,
Denver, Colorado.

Dear Jack:

On October 25th you wrote me asking if it would be at all possible for me to attend the opening of your Victory League basketball season on Monday, December 11. It was not possible for me to do this, as much as I would have desired.

It might be that I could get out to see some of your A.A.U. games but I am not certain of the dates as yet. I could not be there for the finals as I have speaking dates for the end of the week, but it might be that I could get there for the opening games when all the teams were in action.

Will you kindly write me and let me know when you open? I would enjoy having a chat with you, chewing the fat over some of the things that have just gone over the dam on the basketball expose in the East. I am sure you feel pretty happy about calling the turn on the boys.

Let me hear of the A.A.U. dates at your early convenience.

Sincerely yours,

FCA:AH

My dear Doctor Allen -

It has been a long time since I have seen you and your team in action but in every edition of the Stars + Stripes I follow the team most faithfully. You would be astounded if you realized what a terrific bang I get out of a win for Kansas. At the present writing you are in 1st place after a win over Oklahoma + Kansas State 33-31 in what was obviously a thriller.

Have followed your argument on gambling with great interest and as is usually the case you were proved correct. Too bad but it was bound to happen + now we can only hope it is handled well + speedily before it is too late.

I have been over in Europe since D-6 and have been more than a little busy as you may well imagine. We have fought at St. Lo, St. Malo, Hurtgen Forest, Belgium bridge + here + there. We have seen most of the fighting they have had over here and are frankly a little tired of it but not so tired of it as you before we finish.

Sometimes my thoughts turn back to the days when I thought myself a basketball player and although I was never worth a damn I wouldn't trade all the days of practice + fellowship for a great deal as strange as it may seem they have

meant a great deal to me over here. Believe
it or not some of that same training has come
in quite handy.

I understand Paul Huntington is in a hospital
(as a doctor) around here somewhere but as yet
I have not seen anyone from Kansas as much
as I have wandered around.

Kindly remember me to Mrs Allen, Jane -
& Mitt if he's around & tell your club I wish
them the best luck in the world.

Sincerely,

A TRIBUTE TO FOOTBALL

King Football graciously bows his head today amid pageantry and color. Into Furlong Field he leads a galaxy of All-America stars, now members of our Armed Forces in the greatest competition in world's history.

Even while war rages, that same old Football fellow looms up as big as ever. He has proven definitely that he is just about as popular a person as the Americans have ever known. The leaders of our fighting forces also realize this fact because they have cooperated to their utmost in seeing that all the color and splendor of a bowl gridiron contest are made available to the service men today.

It is consoling to myriads of football fans in the Mainland and to the loved ones of the servicemen that the great football spirit has not been lost in this war business. American youth is built upon the spirit of competition—but it is competition on the athletic field and not the battle field. Yet, these young Americans know that without defeating the enemy on the battlefield they cannot return to their clean, spirited ways on the athletic field. . . . Nor can their children.

That spirit which has shown itself so conclusively in the past on the American football fields will prevail over the enemy.

There is nothing so picturesque and peaceful than to see the setting sun disappearing behind a crowded stadium on a Saturday Afternoon in October. Let us hope by the time that King Football makes his next gracious appearance, we shall be seated in the security of our home stadium, watching American youths, invigorated by the accomplishments of our present armed forces, keeping up our lovable gridiron tradition—But let us make certain that our next generation will be cavorting in the colorful uniforms of the cheerleaders and musicians and the shoulder pads of the football players—not in war togs stained by the blood and grime of the battle field.

THE SPIRIT OF SPORTS

Americans are sports - loving people. They enjoy the spirit of keen competition, whether participating or sitting in the grandstand. The sight of thousands of cheering enthusiasts jumping to their feet to view a spectacular play is thrilling.

Even when the American spirit of competition was moved to the war fronts, the desire for clean sport clung to Uncle Sam's fighting men.

Ranking officers of the various services have cooperated in treating the servicemen and war workers in Hawaii to fine athletic contests. Top-notch performers in baseball, football, tennis and swimming have been presented to the fans and the sports programs here have been as attractive as anywhere in the world.

The American boys have demonstrated their spirit on the battle fronts—they have not been found wanting. Yet, there is something about the American youth's desire for competition. He likes it clean, played by the rules of the game and when everything is over—a good handshake with his opponent. That is the American spirit that must prevail for all time.

Dear Dr. Allen:

It was a pleasant surprise to receive a copy this week of the New York Times Overseas edition for February 4 and find your picture among the eight news celebrities of the week. It was very gratifying to read that your appeal for cleanup of conditions in N. Y. basketball were finally found to be strongly founded as you had insisted so long ago.

I had a nice letter from Mike Oberhelman just yesterday in which he wrote that as of February 2 you were gradually bringing your boys along until it appeared Kansas was going to surprise a lot of the Big Six guessers and come up with a real contender again. Many of the names of your boys were unfamiliar altho I recognized some from their high school days. I certainly missed being on hand to see some of those games at Lawrence this year.

Out here we have returned to our rainy season. Inbetween our daily two or three downpours we are winding up our basketball competition with playoffs scheduled for April. I've been assigned to the Welfare and Recreation Department and am enjoying my work a lot. My wife wrote she thought Bob was now in Kansas City. I hope so for that would be almost like having him at home. Please tell
Mit hullo for me. Delmar
Best wishes,

Dear Superintendent Carr:

It was a delight for us to be in your hospitable city. Mrs. Allen and Eleanor enjoyed their contacts made at Anthony very much. We were sorry to keep you waiting, but the pleasant aftermath was delightful to us.

I am happy that our Anthony friends enjoyed the talk. You had such a fine group that it was just like carrying on an amiable conversation.

Please extend my best wishes to all the members of your fine athletic squad, as well as to our other many friends that we met. And too, it was a delight to know you and your lovely wife.

I acknowledge receipt of the coupons which you so kindly sent me. I am sure they will be very helpful.

SUPERINTENDENT

Dear Dr. Allen:

Just a note to tell you how very much we appreciated your getting here last evening in spite of all the handicaps. Every person with whom I've talked today has been most enthusiastic about your talk and I only wish that you might have been here to hear all that they said about it.

They were also glad that Mrs. Allen and your daughter were able to come with you. We surely did enjoy having them here and their charm and gracious manner will be long remembered.

I am enclosing a little supplemental aid and only ask that you use the coupons at your local dealers where he won't be too careful to check with your license tag.

Thanks again for the opportunity of visiting with you, and good luck.

Sincerely yours,

Wilmot D. Carr

Mr. Jack Carberry,
Denver General Hospital,
Denver, Colorado.

Dear Jack:

I am a little late in writing you to tell you how very much I enjoyed my visit with you at the hospital. Of course, I was darn sorry to see you incapacitated, but you were taking it like a true soldier and snapping out of it in the usual fashion characteristic of the fighting Irish.

I left Denver Wednesday afternoon and on the train picked up one of your papers and saw your comment regarding my criticism of the A.A.U.

I am sorry that you could not have been in attendance at the Junior Chamber of Commerce because I certainly took the N.C.A.A. for a buggy ride due to the fact that they have done nothing regarding their supervision over important points, such as proselyting, subsidizing, protection against the inroads of the tinhorn professional gambler, and so forth. Most of the rules of the college conferences are as badly disobeyed as are the rules of the A.A.U., and the administration is just about as bad. If there is anything we need it is a high commissioner of athletics to do something that the athletic directors, the faculty representatives and the coaches are failing to do. So I wanted to let you know that I am not putting a soft pedal on the organization of which I am a member.

I met some boys at the Municipal Auditorium at the N.C.A.A. finals last Saturday night here in Kansas City - all Kansas City boys, and they came to me and said, "Say, that guy Jack Carberry is no friend of ours because he said some things against you." I said, "Don't worry about Jack. He is all right. He speaks his own mind and what he says he believes."

The fact of it is that I heartily agree with you that if I did step outside of my own organization and flay somebody outside and still try to protect our own wrongdoers, it would be an unforgivable premise. But I have not done that and I am sure that you know it.

I am going to make it a point to call Mr. Sweeney in the morning. I have been out of town every night on speaking tours. Yesterday I spoke at the Electrical Club at luncheon at the President Hotel in Kansas City, and last night I attended the Casey Stengel dinner. Casey is our new manager of the Kansas City Blues, and years and years ago I refereed football and basketball games when Casey was in Central High School. I have come in such close contact with him so many times that I consider him one of my close personal friends. It was a great meeting, with Casey in rare form.

With every good wish for your rapid and complete recovery, and with kindest personal regards, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Mr. E. M. Carlson,
Blue Rapids Milling & Elevator Co.,
Blue Rapids, Kansas.

Dear Rotarian Emil:

Thanks for your Rotary communication, together with
your nice letter.

I must get acquainted with that good-looking daughter
of yours. I am obtaining a Jayhawker and will look on page 181
of the spring edition, to identify the young lady. Tell her to
come in and say hello. We will be delighted to see her.

Thank you for your nice words. I assure you the
pleasure will be reciprocal when I have an opportunity to make
my official visit.

With all good wishes, I am

Rotarily yours,
