

SPORTS - The Committee's most recent activity was in connection with the sale of tickets downtown to the football banquet last Friday night honoring the K.U. Team and given by the Athletic Department at the University. It is the intention to make this an annual event at which alumni, sports writers, faculty members, business and professional men of Lawrence and other friends of the University are given an opportunity to attend and honor the boys who fight for K.U.

TRANSPORTATION - The Committee deserves much credit, and the Santa Fe Trails Transportation Company our thanks, Joe Wilson, for installing the greatly improved bus service between Lawrence and Sunflower Ordnance Works. This improved service permits hundreds of residents in Sunflower Village and the barracks to take advantage of Lawrence shopping facilities, medical, dental, beauty shops, barber shops, garages and other services necessary to workers at the plant.

MANPOWER COMMITTEE - This Citizens Committee headed by Dean Stockton, Chairman and Riley Burcham, Co-Chairman has been a potent factor in stimulating employment and reducing terminations and absenteeism on the part of Lawrence residents working at Sunflower. Results of the Committee's efforts are now bearing fruit and should be an even more important factor in making us all conscious that our No. 1 production job here at home is Sunflower.

CIVIC ACTION COUNCIL - The Council got action on the first job it undertook: Securing the funds to employ full time Service Officer to coordinate activities and assist veterans of World War II with their rights and opportunities provided by the G. I. Bill of Rights. The Selective Service Board being designated to get the program under way in co-operation with the State Department on Veterans Administration and the Veterans Bureau of the Federal Government.

ADVERTISING AND SOLICITATION: In recent months we have noticed a marked let-down on the part of businessmen in supporting various advertising and solicitation schemes without first asking and demanding the approval of your secret committee on advertising and solicitation. This Committee has saved Lawrence business firms thousands of dollars by carefully analyzing and refusing to approve the scheme as presented. This is the way the plan works: Every request for advertising or solicitation not already on the approved list at the Chamber of Commerce Office, and without a letter over the signature of the secretary stating that the Committee has examined and approved the plan, should be referred to the Chamber of Commerce office for the proper procedure. This is for your protection and is an obligation on your part to co-operate with your fellow merchants in playing the game according to the rules.

COMMUNITY FOLDER Our supply of Lawrence folders is exhausted. A special Committee consisting of Armin Woestemeyer, chairman, Solon Ayers and Fred Ellsworth has been appointed by the President to be responsible for the publication of an attractive community folder at the earliest possible date.

COMMUNITY CALENDAR In recent months conflicts of important community activities have occurred. We do our best at the Chamber office to maintain a community calendar and if you believe this is important, will you please check with and register all important meetings and events at the Chamber office. This is for your protection and will help bring about better team work in the community.
