Dear Dr. Allen,

I want to congratulate you on your outstanding victory. You probably don't remember me but, when you came down here and lost, I spoke to you after the game. You were kind enough to give me your autograph and tell me of your fine sons. I made a promise. then, if you beat O. U. at Kansas, I would write and tell you that you were the great coach, that I have ever met. Dr. Allen may I ask one favor of you will you write and tell me any time what it take to be a great coach.
