

THE UNIVERSITY OF KANSAS  
LAWRENCE

TEACHERS APPOINTMENT BUREAU

December 11, 1944

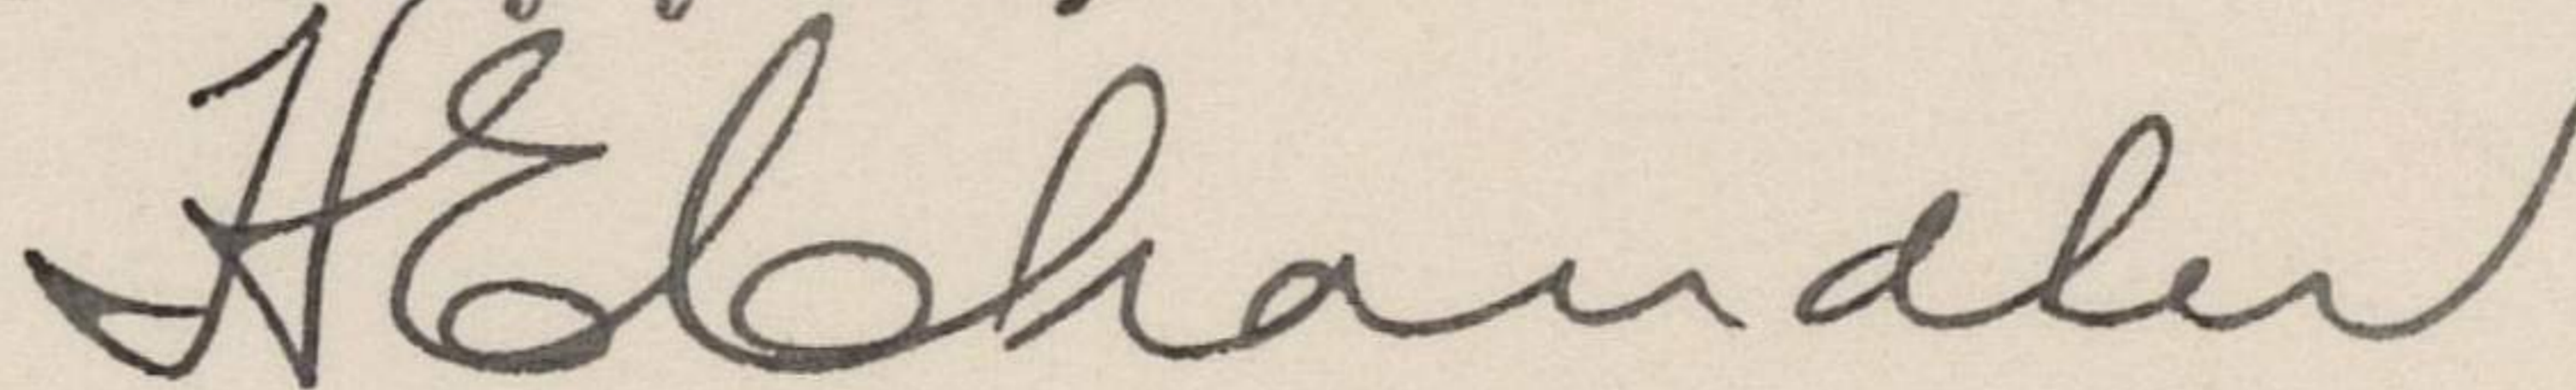

F. C. Allen, Head  
Department of Physical Education  
107 Robinson Gymnasium

Dear Mr. Allen:

During the past two weeks I have been contacting a number of high schools and have interviewed a number of seniors who are interested in college work. The three boys that I found at Lincoln will have to go into the army, but one of them at least would be able to get a start on college work before he is taken.

They would like to have catalogues and any special information which you can send them from the Department of Physical Education. A personal letter from you I am sure would be very much of an encouragement to them.

Sincerely yours,

H. E. Chandler, Secretary  
Teachers Appointment Bureau
