

Sept 16 - 1944

Dear Dr. Allen:

Although I have been in Seattle for  
past twelve years in freight traffic with  
Milwaukee Railroad I would of liked to have  
paid Kansas a visit and renew acquaintances  
personally. As it developed my home is  
definitely established in Seattle - the wife  
employed as a government fiscal accounting  
clerk at Naval Air Station, Sand Point, Seattle

One of main objectives of writing was  
to inform you I very recently had the  
pleasant experience of a dinner invitation  
with none other than Little Bert Stoga.  
You no doubt recall him vividly. Now I  
have disclosed my location and I should  
further clarify I have been in the navy's  
famous CB's since Sept 17 last and  
recently left Treasure Island after eleven  
months in three CB camps within the states.

The hospitality of the island people  
is unsurpassed, as Bert is a good  
criterion for all the people on the Paradise
