

I told Bert I planned writing you so  
will add his his regards with mine.

Respectfully yours

P.S. - A note from you would  
be equal to some of my mother's  
famous fried chicken or evokies.  
I am a relative to cooking when  
the wife was present, as the wife is also  
a culinary artist of first order.  
When this process is over Kansas is  
on our itinerary for a visit.
