

January 17, 1945.

Mr. Clyde C. Coulson,
135 W. Main,
Batavia, New York.

Dear Clyde:

Yes, indeed, I do remember you very well. Your letter is very chatty and interesting. You certainly have done some fine work and now you are doing even better work.

I am glad that you like the sacro-iliac information, but understand that the treatments are listed as massage and exercise.

We will be happy indeed to have you return and finish your graduate work as soon as the war is over. I am turning your letter over to Henry Shenk, who is a Kansas graduate, and formerly taught at Junction City, Kansas. I am sure that you remember him very well. He played end on the football team, and caught the pass to make the touch down that defeated Missouri in 1927.

I think your project in physical therapy would be most acceptable and a very definite contribution.

I am enclosing a basketball schedule. We are not making many trips on account of the wishes of the ODT. Wish you were around. It would be a pleasure to visit with you.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
