

November 14, 1944
Welda, Kansas

Dear Dr. Allen:

I have to report for Naval duty at Kansas City, Thursday, November 16, and will be sent to Great Lakes for training that same day.

I would be so pleased if you could and would write me a letter of recommendation and I will stop in at your office and pick it up there around 4:00 or 4:30 P.M. Wednesday.

This isn't giving you much time and you may not get my letter in time to do this for me, but if you can I will appreciate it. I hadn't expected my orders so soon.

If I shouldn't get to see you, here's wishing you the best of success with your basketball team and thanks for all you have done for me.

Sincerely

Dale Corder
