

Feb 16

Dear Mr Allen:

A short time ago I received 2 copies of rebounds, I can't tell you how much it helped to hear from the good ole school and what & where former friends are - you are certainly helping to make things easier.

At last we have planked our big feet on Jap soil this time with few casualties. I had the surprise of my life while rummaging around through some Jap zeroes and wreckage I heard someone let out a war whoop & believe it or not there was former fraternity brother Bill Hodge - He's a Capt in Marine Intelligence
